CHAIRMAN'S MESSAGE

Naoki Sugimoto
Chairman
Musashi Bangladesh Japan Ltd.

I welcome you to MBJ's Corporate Profile. We have created this company on the four pillars of hard work, integrity, adaptability and pursuing excellence. Over the past 15 years, Global Company, Japan has come a long way in contributing to the infrastructure requirements of 50 Countries across the world. Our successful expansion into Bangladesh newer geographies reinforces our aim to become a truly global player in the Energy and Infrastructure space. As a company we are committed to the social and economic progress of the countries we enter in.

The growth of our company is based on an efficient organization and entrepreneurial management. MBJ has a rich history of success in our markets and takes pride in its commitment to remain at the leading edge of our sector to find new and better ways to meet project needs.

Bangladesh's growth in the coming decade will be marked with huge development and investment in our segments of interest. We are well positioned to capture a sizable portion of the pie and make substantial contribution to the nation's development.

We look forward to being of service to you.

杉本 武貴

OUR VISION

To be the best Rental Solution and Project Supportive Companies of Bangladesh in Our Segments of Interest by 2025.

OUR MISSION

- To deliver top quality services to our clients and to exceed client expectations
- To work with passion, integrity and to have a culture of excellence in everything that we do
- To build strong intellectual property by hiring and nurturing the best people in the industry
- To provide a culture of growth and continuous learning to all our employees and become an employer of choice
- To contribute in the development of our society as part of our corporate social responsibility

OUR SERVICES

Material & Manpower Supply

We supply all project and construction related materials, such as: Brick, Sand, Cement, Stone Chips, Steel Plate, Safety Equipment, Office Container, Other Construction Materials. We also supply Manpower for Project. We have a vast market coverage to support clients required materials to continuing the project

Equipment Rental

MBJ has large volume of equipment's for rent. We provide high quality and top class branded products as rental like Excavator, Dump Truck, Crane, Dozer, Roller, Forklift, Manlift, Generator and so on.

Generator, Compressor Sales & Service

We import and sell brand new generators as well as we also provide all service and maintenance work by our skilled service team. It's not mandatory to receive our service team support; you have to purchase Generator from us.

Spare Parts & Maintenance

As we are Japanese company, we always care about our quality and service. We import Type A spare parts for ourselves and our service center. We have a established service center with experienced & skilled engineers and mechanics. Our skilled team is the main driving force of our maintenance and after sale services. Our team is also capable to provide the same service to our client that we enjoying now.

OUR SERVICES

Heavy Equipment Sale

We do equipment rental and generator sale and service as well as heavy equipment sale. As per our clients requirement we sale Used & Brand New heavy equipment's. All used & brand new machineries we import from Japan and delivery to our prime customers. We always work for our client satisfaction.

EQUIPMENT RENTAL

We are specialized in providing top-tier heavy equipment rental services tailored to meet the diverse needs of your business. Whether you're in construction, mining, or logistics, we offer a comprehensive range of modern, reliable machinery, including Excavator, Bulldozer, Pay Loader, Cranes, Forklift, Dump Trucks, Backhoe Loaders, Soil Compactor, Roller, Trailer and Generator etc. The rental services are available for the equipment to be used anywhere in the country.

Why Choose Musashi Bangladesh Japan Ltd (MBJ) for the Rental:

Cost Efficiency: Avoid the hefty upfront costs and maintenance expenses associated with purchasing equipment. Our rental solutions provide significant savings and financial flexibility.

Latest Technology: Stay ahead with our fleet of the latest models, equipped with cutting-edge technology to enhance productivity and safety on your job site.

Scalability: Easily scale your operations with our flexible rental options. Whether you need equipment for a short-term project or long-term use, we have you covered.

Expert Support: Rely on our dedicated maintenance services and 24/7 technical support to minimize downtime and keep your operations running smoothly.

We are committed to providing exceptional service and high-quality equipment to help you achieve your project goals efficiently and economically. Partner with us and experience the advantages of a trusted heavy equipment rental service.

EQUIPMENT LIST

SL No	Equipment Category	Capacity
1	Excavator	0.3M3 ~ 1.2M3
2	Long Arm Excavator	18M
3	Roller	1T ~ 15T
4	Bull Dozer	Up To 20T
5	Motor Grader	Blade width: 3.1M, 3.7M
6	Wheel Loader	1.8M3 ~ 3M3
7	Forklift	1.5T ~ 15T
8	Manlift	16M ~ 30M
9	Scissors Lift	5M ~ 16M
10	Crawler Crane	35T ~ 250T
11	Truck Mounted Crane	5T ~ 15T
12	Rough Terrain Crane	25T ~ 80T
13	Generator	16KVA ~ 1MW
14	Air Compressor	190CFM ~ 400CFM
15	Low Bed Trailer	30Tan ~ 120T
16	High Bed Trailer	20T ~ 40T
17	Dump Truck	Up To 20T
18	Truck Mounted Concrete Pump	Brand - SANY, Model - SYG5271THB38, Length - 38M
19	Tsurumi Pump (Submersible Construction Water Pump)	0.4KW ~ 22KW

We always concern about our customers requirement.

MATERIAL SUPPLY

At **Musashi Bangladesh Japan Ltd (MBJ)**, we are your trusted partner for all construction material needs, providing high-quality products to support your projects from start to finish. Our extensive inventory includes everything from Stone, Sand, Bricks, Steel Plate, Mobil, Office Container, Portable Toilet, Safety Equipment, Scaffolding etc. According clients needs with on time delivery & professional add-on services like safety unloading works.

Quality Products: We source materials from leading manufacturers, ensuring durability and reliability for your construction projects.

Wide Selection: Our comprehensive range of materials meets the diverse requirements of residential, commercial, and industrial construction.

The screenshot shows the Musashi Mart website. At the top, there's a green header with the phone number 01787527466 on the left and the hotline +8801787527466 on the right. Below the header, the Musashi Mart logo is on the left, followed by 'Powered By MBT'. A search bar is in the center, and 'Login' and 'Registration' links are on the right. A navigation bar below the search bar contains links: Home, All Categories, All Manufacturer, All Products, Track Order, Year Of Manufacturer Search (which is highlighted), and 0 BDT (0 Items). The main banner features a yellow excavator. On the left, it says 'Wanna Know Year of Manufacturer?'. In the center, a green box titled 'How To Search YEAR OF MANUFACTURER' lists four steps: 1. INSERT MODEL NUMBER, 2. INSERT SERIAL NUMBER, 3. CLICK SEARCH, 4. WAIT FOR THE RESULT. On the right, the text reads 'WITH MUSASHI MART UNLOCK THE POWER OF PRECISION' followed by a paragraph: 'Unlock the Power of Precision with Musashi Mart! Explore our Year of Manufacturer Feature – Your Assurance of Quality and Reliability in Every Heavy Equipment Spare Part. Elevate Your Experience Today!'. Below the banner, a section titled 'Search By Category' shows seven categories with corresponding images: Undercarriage, Seal & Gasket Elements, Outfitting, Hydraulic System, Filters, Engine Components, and Electrical System.

🔍 www.musashimart.com

Musashi Mart stands as your premier destination for high-quality heavy equipment spare parts in Bangladesh. With a strong commitment to excellence and a customer centric approach, we provide authentic and durable components essential for the efficient operation of heavy machinery. Our comprehensive inventory, sourced from trusted suppliers, ensures reliability and performance. Through our user friendly platform and dedicated customer support, we aim to streamline your spare parts procurement process. Choose Musashi Mart for quality assurance, diverse inventory, reliability, and expert assistance.

Submersible Tsurumi pumps are indispensable in flood-prone areas, playing a critical role in preventing property damage. By swiftly removing excess water, these pumps mitigate the risk of structural harm to homes, buildings, construction sites, and maintain property integrity.

Utilizing dewatering pumps responsibly involves selecting energy-efficient models and minimizing ecological impact. These pumps facilitate the safe management of floodwaters, reducing the risk of electrical hazards and structural collapses, and preventing water contamination.

With advancements in pump technology, the sector is set for a future marked by innovation and environmental care. Tsurumi offers superior pump solutions that guarantee efficiency, reliability and sustainability.

HS Series

Durable trash pumps in two sizes—a 1HP & 3-inch discharge and a 1/2HP & 2-inch discharge. Both designed to pump water containing sand, solids and debris with minimal wear and clogging.

LB Series

The LB-series is a portable, single-phase submersible drainage pump. Despite being single-phase, it offers durability comparable to three-phase pumps due to its abrasion-resistant wear parts.

LSC Series

The LSC pump is a portable, single-phase submersible residue pump that drains water down to 1mm, thanks to its special bottom plate. A swing check valve prevents reverse flow when the pump stops.

LSP Series

The LSP pump is a single-phase portable self-priming residue drainage pump incorporating a submersible motor. The suction attachment, supplied as standard, makes the pump drain water down to floor level.

UT & UTZ Series

The UT-series is a 2-pole motor, compact and economical type submersible pump equipped with a vortex impeller for sewage and wastewater. The semi-vortex design provides a wide 35 mm large solids passage that reduces clogging of solid matter to a minimum.

KTZ Series

The KTZ-series is a submersible three-phase cast iron high head heavy-duty drainage pump. The cast iron body with high-chromium cast iron impeller enables it to withstand demanding conditions found in construction, aggregate and mining applications.
